The following table and line graph are provided to show the frequency at which the closing price of the Fund was at a premium (above) or discount (below) to the Fund's daily net asset value ("NAV"). The table and line graph represent past performance and cannot be used to predict future results. Shareholders may pay more than NAV when buying Fund shares and receive less than NAV when those shares are sold because shares are bought and sold at current market prices.

From its inception in June, 2016, until November 8th, 2019, the Aptus Drawdown Managed Equity ETF (ADME) was known as the Aptus Behavioral Momentum ETF (BEMO). The Premium- Discount information displayed in the above line graph is mainly depictive of the fund Premium - Discount prior to the strategy change. Past performance should not be used to predict future results.
